Honorable Brian Higgins
House of Representatives
Larkin Building
726 Exchange St, Suite 601
Buffalo, NY 14210

Dear _____

I am writing asking for your support for proposed legislation providing a \$1,000 federal income tax credit to volunteer firefighters and Emergency Medical Services personal (S 625 & HR 934).

Volunteer firefighters play an important role in providing life saving and other vital services to our communities and this credit would provide a valuable incentive to increase the ranks of the service and to retain those who contribute their time and efforts.

I thank you for your consideration to this issue and I look forward to hear from you soon on this important matter.

Sincerely,

Modify accordingly and place on your personal or fire department stationary.
